The AAAS Science and Technology Policy Fellowship is an opportunity for PhDs (PhD graduates, postdocs, and faculty) to receive training in federal government science and technology policy advising and gain hands on experience providing science and technology policy advising to congress and various federal agencies. More information about this prestigious fellowship will be shared at the event.

Campus Center Odeum
Friday, March 29
11 am - 1:30 pm

REGISTRATION REQUIRED.

Contact SSPS or Graduate Studies for more information. Details and registration can be found at: https://tinyurl.com/WPI-Policy-Event
