

Think you're so smart?

We don't.

Come join the WPI System Dynamics Club for a humbling evening of... well... the Beer Game. This is an exercise which helps demonstrate the feedback processes that guide our decisions. And the decision processes you make in the Beer Game will lead to failure. We're sure of it. (But don't feel bad - the first time we played we failed, too.)

Refreshments will be provided. (Sorry, no beer allowed.)

Where?	Higgins Labs Room 116
When?	Tuesday, March 28, 7:00 p.m.
Who?	Everyone

WPI
