

Come to prove your intelligence.

Or just come to win some ca\$h.

The WPI System Dynamics Club is sponsoring a game of Fish Banks, where you get to manage your fishing fleet to conquer the... fish banks. This is a fast paced game of intelligence, strategy, and wit - plus its got a nice cash prize!

We require teams of 4 or 5 to play the game so bring friends! If none will come (since we know that you do have friends), show up anyway, and we'll make your team on the spot.

Refreshments will be provided, of course.
