

Want a well paying, highly interesting, challenging and meaningful career?

The WPI System Dynamics Club, in conjunction with the CDC, is sponsoring a System Dynamics career panel. Come hear from Accenture and Pugh Roberts about how System Dynamics is used in the “real” world, and find out how to get a meaningful job that pays a bundle. If you’re unfamiliar with the field of System Dynamics this is a great way to learn about it, if you already know about the field this is a great way to find out about opportunities after graduation.

Accenture (formerly Andersen Consulting) and **Pugh Roberts** will be providing information and perspectives at this panel. Come along and bring a friend to hear from some big names in the consulting world. (You don’t have to be a SD major, MIS, CS, and others are welcome, too!)

As usual, refreshments will be provided.

- Where?** Library Seminar Room (Upstairs)
When? Tuesday, January 30th, 6:30 - 8:00 pm
Who? Students (and your friends, and their friends)

For more information on System Dynamics or the System Dynamics Club, please e-mail sdofficers@wpi.edu.
