MA 2210 – Weekend Assignment
March 31, 2016

1) Watch the video “The Safest Place to Store Nuclear Waste – Segment I” featuring Dr. Genetha Gray at
https://www.youtube.com/watch?v=yLzd7djTeg8

- Write a summary of the video and the problem and solution approach that was discussed.
- Highlight and explain any new terminology that *you* encountered in the video.
- Do extra research if you need to understand things better.

2) Watch the video “The Safest Place to Store Nuclear Waste – Segment II” featuring Prof. Gwen Spencer at
https://www.youtube.com/watch?v=RYF9vBrLi4Q

- Make note of the mathematical techniques introduced.
