

Lesson Plan for Activity: Music Loop

Subject: Create a Music Loop

Length of Lesson: 60 minutes

Concept or Skill Focus: Learn how to use professional software to produce music loops just like hit producers.

Goal:

Objectives/Outcomes:

-

Activities and Time Line (Introduction, Middle, Conclusion)

- Play a few (safe) songs created in FL Studio (Soulja Boy, Rockstar)
- Discuss what music production is ~ 5 mins
 - How it is relevant
 - Famous producers (metro boomin)
- Start with instrument channel and patterns ~ 10 mins
 - The Channel Rack
 - The Mixer
 - The Piano Roll
- Make a quick beat for instruction ~ 5 mins
- Students work in pairs to create their own music loop

Materials

- Computers with FL Studio (trial version is free) installed: <https://www.image-line.com/flstudio/>
- Headphones (optional if you want the sounds isolated)
