

# 2024 WOOSERVES SUMMER YOUTH SERVICE INSTITUTE FINAL NEWSLETTER

*“When we give our time and effort we begin to understand the struggles and challenges of those around us”  
- Jordan Muldrow*

As we reminisce on the impactful and wonderful summer WooServes students were able to contribute too and create, we at the United Way could not be prouder of the work student volunteers have done. This summer WooServes was the biggest graduating class with a total of 45 students hailing from 17 different schools in Worcester County. By the end of the six weeks new friendships were formed to create a dynamic team of students striving to create difference and connect with their communities both unfamiliar and familiar to them. This final newsletter is the culmination of the numbers and memories that students made over the course of six weeks.
