Week 3: Reading and Exercises

Reading

Please finish reading Chapter 4 and carefully read Chapter 5. Always read critically, working through examples and arguments on scrap paper; Chapter 5 requires especial attention as one must practice calculating with permutations in order to begin to understand them. Feel free to contact me if you wish to discuss the material.

Practice Exercises

- p88-89, # 16–19, 27, 31–35, 39, 40
- p87, # 14–20
- p118–120, # 1–7, 9–11, 20–21 (please try more, at your leisure and according to preferences)
